ABOUT ME

GTM Engineer and Revenue Operations professional with 7+ years across B2B media sales, enterprise and government account management, performance marketing, and AI-driven go-to-market systems. I design and deliver the full revenue motion — ICP definition, signal-based data enrichment, cold-email infrastructure, CRM automation, and executive reporting — increasingly powered by AI agents and API pipelines. Proven managing international, remote and distributed client relationships across EMEA and North America, with GDPR-aware data handling. Open to remote and relocation roles within the EU. Key results: 7x ROAS, \$100K+ expansion revenue, 40% retention lift.

WORK EXPERIENCE

Media Solutions Manager

Nov 2023 – Nov 2025

The Vantage — Dubai, United Arab Emirates

- Managed programmatic and multi-channel media (digital, print, OOH) across EMEA for The Economist, Politico and TIME, serving enterprise and government accounts including NEOM and Etisalat.
- Architected Power BI and Oracle NetSuite sales-intelligence dashboards driving pricing, account prioritization and executive reporting.
- Automated CRM hygiene, lead routing and cross-team workflows with Make, n8n and ClickUp, reducing manual coordination across sales, delivery and account management.

Account Manager

May 2022 – Aug 2023

The Social Nerds — Remote (Toronto, Canada)

- Engineered Meta and TikTok campaign systems leveraging platform ML, averaging 7x ROAS across SME accounts in fintech, sports and technology.
- Generated \$100K+ in upsell and expansion revenue through data-driven performance narratives, analytics and renewal planning.
- Ran fully remote client relationships end to end across a distributed, multi-timezone team.

Senior Account Executive

Mar 2021 – May 2022

Crystallite Pakistan — Karachi, Pakistan

- Managed 50+ recurring client accounts, lifting retention 40% through data-driven execution and stronger operating rhythms.
- Led SEO, social automation and digital strategy across 15 brands while managing a team of 5; built the content marketing function from scratch.

Account Executive

Aug 2020 – Apr 2021

Adept Tech Solutions — Karachi, Pakistan

- Audited and restructured onboarding, retention and upsell workflows, improving delivery visibility and operational consistency.

Tech Author

Feb 2019 – Jul 2020

Wccftech & Appuals — Remote

- Published research-driven technical guides for a global readership; built SEO and affiliate content workflows that grew organic discoverability and monetization.

Customer Success Manager

Nov 2017 – Jan 2019

SquareTrade (Allstate) — Karachi, Pakistan

- Leveraged Salesforce to triage inquiries, coordinate service depots and improve claim-processing productivity; trained new-hire cohorts on workflows and SLAs.

EDUCATION AND TRAINING

SELECTED AI & GTM PROJECTS

- **AI Visibility Audit Engine (Personafyed):** Architected and deployed a production audit system orchestrating DataForSEO, Serper, Google PageSpeed, Perplexity and Anthropic (Claude) APIs via a scheduled AI agent on Railway; produces client-ready AEO/SEO reports.
- **Signal-Based Lead Pipelines:** Designed and deployed automated data pipelines (Python, Railway) converting public enforcement events into buying signals, enriching and scoring companies by ICP fit and routing prioritized leads into automated outbound.
- **Outbound Revenue Infrastructure:** Built multi-inbox cold-email systems (Instantly) with warmed domains and deliverability management, plus Clay enrichment tables with AI-generated personalization and ICP scoring.
