PROFESSIONAL SUMMARY

GTM Engineer and Revenue Operations professional with 7+ years across B2B media sales, enterprise and government account management, performance marketing, and AI-driven go-to-market systems — built and delivered from Dubai across the EMEA region. I combine commercial acumen with hands-on AI fluency to own the full revenue motion: ICP definition, signal-based enrichment, cold-email infrastructure, CRM automation, pipeline reporting, and executive dashboards. Track record includes 7x ROAS, \$100K+ in expansion revenue, and enterprise and government accounts including NEOM, Etisalat, The Economist, and TIME.

CORE SKILLS

Revenue Operations & GTM: Pipeline management, forecasting, lead routing, territory modeling, KPI tracking, sales enablement, ICP modeling, signal-based / intent-led outbound, lead scoring, campaign operations

CRM & Reporting: Salesforce, HubSpot, Zoho, Oracle NetSuite, Power BI, Google Analytics (GA4), ClickUp, pipeline & executive reporting, sales-intelligence dashboards

AI & Automation: AI agent design, LLM orchestration, prompt engineering, Anthropic (Claude) & Perplexity APIs, Claude Code, Make, n8n, Zapier, HubSpot Workflows, AI-assisted personalization at scale

Data & APIs: REST API integration, SQL, Python, DataForSEO, Serper, Google PageSpeed, data modeling, enrichment & ETL pipelines, lead sourcing & enrichment (Clay, Apollo, Prospeo)

Growth & Paid Media: Programmatic, Meta Ads, TikTok Ads, ROAS optimization, SEO & AEO / AI-search visibility, full-funnel media planning

AI & GTM SYSTEMS BUILT (SELECTED)

- AI Visibility Audit Engine (Personafyed):** Architected and deployed a production audit system orchestrating DataForSEO, Serper, Google PageSpeed, Perplexity, and Anthropic (Claude) APIs via a scheduled AI agent on Railway; generates client-ready AEO/SEO reports used as outbound lead magnets.
- Signal-Based Lead Pipelines:** Designed and deployed automated data pipelines (Python, Railway) that convert public regulatory-enforcement events into buying signals — enriching and scoring companies by ICP fit and routing prioritized leads into automated outbound. Intent-led prospecting without static lists.
- Outbound Revenue Infrastructure:** Built multi-inbox cold-email systems (Instantly) with warmed domains, sequenced messaging, and deliverability management; engineered Clay enrichment tables layering LinkedIn, web-traffic, and tech-stack data with AI-generated personalization and ICP scoring.

PROFESSIONAL EXPERIENCE

Media Solutions Manager — The Vantage

Dubai, UAE | Nov 2023 – Nov 2025

- Managed programmatic and multi-channel media (digital, print, OOH) across EMEA for global publishers — The Economist, Politico, TIME — serving enterprise and government accounts including NEOM, Etisalat, and national tourism boards.
- Architected Power BI and Oracle NetSuite sales-intelligence dashboards that drove pricing, account prioritization, and executive reporting.
- Automated CRM hygiene, lead routing, and cross-team workflows with Make, n8n, and ClickUp, cutting manual coordination across sales, delivery, and account management.
- Integrated complex AdTech inventory (RTA Dubai in-cab digital networks), improving targeting precision and campaign packaging.

Account Manager — The Social Nerds

Remote (Toronto, Canada) | May 2022 – Aug 2023

- Engineered Meta and TikTok campaign systems leveraging platform ML, averaging 7x ROAS across US SME accounts in fintech, sports, and technology.
- Generated \$100K+ in upsell and expansion revenue through data-driven performance narratives, analytics, and renewal planning.
- Converted performance data into client-facing reporting and operating cadences that accelerated client decisions.

Senior Account Executive — Crystallite Pakistan

Karachi, Pakistan | Mar 2021 – May 2022

- Managed 50+ recurring client accounts and lifted retention 40% through data-driven execution and stronger operating rhythms.
- Led SEO, social automation, and digital strategy across 15 brands while managing a team of 5; built the content marketing function from scratch.

Account Executive — Adept Tech Solutions

Karachi, Pakistan | Aug 2020 – Apr 2021

- Audited and restructured onboarding, retention, and upsell workflows, improving delivery visibility and operational consistency.

Tech Author — Wccfttech & Appuals

Remote | Feb 2019 – Jul 2020

- Published research-driven technical guides for a global readership; built SEO and affiliate content workflows that grew organic discoverability and monetization.

Customer Success Manager — SquareTrade (Allstate)

Karachi, Pakistan | Nov 2017 – Jan 2019

- Leveraged Salesforce to triage inquiries, coordinate service depots, and improve claim-processing productivity; trained new-hire cohorts on workflows and SLAs.
